EXPERIENCE

VISION VIVANTE PVT LTD | INDIA - Front-End Developer

MAR 2021 - DEC 2021

- Led front-end development of a scalable e-commerce website for thousands of users, collaborating with the customers to translate their needs into a feature-rich platform using React, Html, Css, Javascript.
- Designed and developed user-friendly websites with a focus on SEO and API integrations i.e Paypal and Facebook Graph API to enhance functionality, building e-commerce experiences using WooCommerce.

THINK NEXT TECHNOLOGIES PVT LTD | INDIA - Python Developer

JAN 2020 - JAN 2021

- Developed and maintained user-centric web applications using Python, Django, and Flask frameworks, seamlessly integrating APIs and payment gateways to enhance functionality and user experience.
- Led the creation of comprehensive technical documentation, conducting in-depth system analysis and ensuring all system requirements were clearly defined and understood by stakeholders, significantly improving project clarity and security.

PROJECTS

Cbuddy— Ecommerce website

- Led the development of a full-fledged e-commerce website using HTML, CSS, JavaScript libraries (jQuery, Ajax, javascript), and Bootstrap to facilitate sales.
- Employed Agile methodologies to ensure rapid development, iterative improvements, and close collaboration with stakeholders throughout the project lifecycle.

Clothing Store— Ecommerce Website

- Developed custom functionalities using WooCommerce plugins to significantly enhance product filtering and search capabilities.
- Utilized Elementor along with several custom and built-in plugins to create dynamic, user-friendly layouts and improve overall site performance.
